4. FIREARMS AND ARCHERY EQUIPMENT

- A. Bow Season – Section 1a:** A bow must be pulled, held, and released by hand. Any release aid may be used providing it is hand operated, the shooter supports the draw weight of the bow, and the release is not attached to any part of the bow other than the bowstring. Arrows capable of causing damage or injury to the animal in excess of that inflicted by the cutting edges of the broadhead, are prohibited while hunting big game with a bow (e.g., explosive arrow points, arrows tipped with drugs or chemicals, and pneumatic or hydraulic shafts are illegal). No firearms, except handguns, may be in the hunter's possession while hunting during the pronghorn bow season. However, handguns may not be used in any manner to assist in the harvest of a pronghorn during the pronghorn bow season. Crossbows are not legal, except with a permit from the North Dakota Game and Fish Department Director.

It is illegal to hunt big game with barbed arrows (barbed refers to an arrowhead with any fixed portion of the rear or trailing edge of the arrowhead forming an angle less than 90 degrees with the shaft). Broadheads with mechanical or retractable blades not manufactured to stay open are legal. Telescopic sights, range finding devices, battery-powered or electronically lighted sights or other electronic devices attached to bow, or the arrow, are not permitted. Exception: a lighted nock and recording devices which do not aid in range finding, sighting or shooting the bow are permitted. Handheld range finding devices are legal. When permitted, crossbows must: a) have a minimum draw weight of 75 pounds, b) be equipped with a working safety to prevent accidental firing, c) use arrows or bolts at least 14 inches in length. Crossbows equipped with pistol grips

and designed to be fired with one hand are illegal. Crossbow hunters may use telescopic, battery powered or electronically lighted sights not exceeding a maximum power of eight, but must comply with all other archery equipment regulations listed above.

Centerfire and muzzleloader rifles must be designed to be fired from the shoulder. Rifled slugs, or patched round balls, of 20 gauge or larger are legal for shotguns and muzzleloading shotguns. Minimum barrel length of shotguns is 18 inches. Handguns must have a minimum barrel length of 4 inches and be .35 caliber or larger. In addition, any centerfire handgun designed to fire a legal rifle cartridge shall be legal. Muzzleloading handguns must be .50 caliber or larger. Fully automatic firearms, full metal jacketed bullets, which are non-expanding, as well as altered projectiles are prohibited. All legal bow equipment as listed above in the bow season sections shall be legal during the pronghorn gun season. Pre-charged pneumatic air guns, charged from an external high compression source such as an air compressor, air tank or an external hand pump are legal for pronghorn but must fire a projectile (excluding air bolts) of at least .35 caliber in diameter and at least 150 grains in weight with a minimum muzzle velocity of 600 feet per second.

Americans with Disabilities – The Director may make reasonable accommodations to comply with the Americans with Disabilities Act.

5. AIRCRAFT, MOTOR-DRIVEN VEHICLES, AND LIGHTS

It shall be illegal to use all types of aircraft, manned or unmanned, for spotting game 72 hours prior to and during the hunting season. A licensee cannot hunt the same day they are airborne over their hunting unit with the exception of their scheduled passenger airline flight. It is illegal to drive, concentrate, rally, raise, stir up, or disturb game with all types of aircraft, manned or unmanned.

Motor-driven vehicles may not be used to pursue game. Motor-driven vehicles may not be used to retrieve a big game animal until the animal has been taken into possession and legally tagged.

It is illegal to shoot with bow and arrow or firearm while in or on a motor-driven vehicle.

No person may use a motor-driven vehicle in the process of hunting big game or aid another in the process of hunting big game unless the motor-driven vehicle is on an established trail.

Unless otherwise authorized under N.D.C.C., no person may carry a firearm with a cartridge in the chamber in or on a motor-driven vehicle while hunting big game animals. The entire cylinder of a revolver is considered the chamber, requiring the revolver to be completely unloaded.

Handguns with removable magazines or clips must have the magazine or clip removed from the firearm if the magazine or clip contains any loaded shells.

It is illegal to carry any muzzleloading firearm in or on a motor-driven vehicle with a percussion cap or primer on the nipple or powder in the flash pan.

No person may use motor-driven vehicles on North Dakota Game and Fish Department Conservation PLOTS (Private Land Open To Sportsmen) property. The boundaries of these properties are described in the North Dakota Game and Fish Department's annual PLOTS Guide and on-site by large yellow triangular signs.

It shall be illegal to engage in shining for big game with any artificial light for the purpose of locating or observing big game between sunset of one day and sunrise of the next.

Use of night vision equipment, electronically enhanced light gathering optics or thermal imaging equipment for locating or hunting game is prohibited.

6. BAG LIMIT

License holders may take and possess one pronghorn of the type and in the unit specified on their license. (See Section 1)

Definition of License Types

Doe or Fawn only – a pronghorn without a black “cheek patch” or with horns shorter than its ears.

Any pronghorn – a pronghorn of any age or sex.

7. TAGGING REQUIREMENTS

IMMEDIATELY after an animal has been killed, the hunter must indicate the date of kill by cutting out the appropriate month and day from the tag provided with the license and attach it to the base of the horn on male pronghorn or in a slit in the ear on female pronghorn, to prevent its removal.

In no case is it legal to possess or transport an animal unless it is properly tagged. The meat tag must remain with the edible flesh during any transportation and until it is cut up and packaged as food. No person may re-use or attempt to re-use any tag issued. Tags are not transferable.

When any part of an animal is mounted, if the tag is removed from the horns or ear, the tag must be securely fastened to the back or bottom of the mount and remain there.

8. TRANSPORTATION AND STORAGE

License holders must accompany their game animal, or parts thereof, (excluding hide) during transportation. Except that a permit for the transportation of game may be issued by the Department upon request. Game may be shipped by common carrier in receipt of proper bill of

lading. No resident of the state may ship big game or parts thereof (other than hides) out of the state without a permit from the Department.

A pronghorn carcass or boned out meat must be accompanied by the head to the final place of storage. Exception: Tag as currently required, then take two pictures using a cellphone with location and date and time stamp turned on. One picture of the entire animal at the kill site with tag attached, and a second picture of a closeup of the tag so that tag information is readable. If you leave the head in the field at the kill site, after taking pictures and saving them, the ear or antler must be cut off and accompany the meat or carcass while in transport. The photographs of the tagged pronghorn must be shown to any game warden or other law enforcement officer upon request.

It is illegal to possess or transport another's game animal or parts thereof (excluding hide) without the license holder accompanying or as otherwise permitted. Processed and packaged meat of legally harvested game may be gifted to another. Unprocessed, unpackaged meat of legally harvested game may be gifted as follows: 1) Prior to reaching the licensee's permanent residence a transportation permit must be obtained and accompany the game meat. 2) After reaching the licensee's permanent residence if accompanied by the meat tag of the person who harvested the game.

Commercial processors and common carriers may possess any person's legally taken possession limit of game. The meat tag from the individuals license shall accompany the edible flesh through processing and be returned to the individual.
