A hunter may not hunt migratory game birds without being **HIP** certified in each state hunted. A hunter may receive **HIP** authorization by completing the information on this form or when purchasing a license through our 24 hour internet or phone licensing systems (See information at right). **HIP** was designed by the U.S. Fish and Wildlife Service to measure the harvest of migratory birds for management purposes. With your help, we can continue to protect migratory game birds and assure future hunting. Thank You!

NON-TOXIC (STEEL) SHOT REGULATIONS

Possession or use of shot other than federally approved non-toxic shot is prohibited while hunting ducks, geese, sandhill cranes, tundra swans, mergansers, snipe and coot statewide.

Non-toxic shot is required for hunting on all Fish and Wildlife Service lands, including Refuges and Waterfowl Production Areas. This regulation applies to all hunters using shotguns except while hunting turkeys and big game. These shot requirements are in addition to current statewide non-toxic shot requirements for migratory birds as listed above.

For additional information on non-toxic shot, contact the Department's Bismarck office.

Nonresident youth hunting licenses. A nonresident under age sixteen need only purchase a North Dakota resident fishing, hunting and furbearer certificate and a North Dakota resident general game and habitat license to hunt small game and waterfowl except swans and wild turkeys; provided, that the nonresident's state, or province or territory of Canada, provides a reciprocal licensing agreement for North Dakota residents who are also under age sixteen. Currently states of CO, CT, ID, KY, MI, MN, MO, MS, NE, NJ, NY, OH, SC, TN, TX, and WI qualify. To be eligible, a nonresident youth may not have turned sixteen before September first of the year for which the license is issued and must possess a certificate of completion for a certified hunter education course. The nonresident youth may only hunt under the supervision of an adult family member or legal guardian who is licensed to hunt small game or waterfowl in this state and is subject to the same regulations as that youth's adult family member or legal guardian.

Nonresident full-time students living in North Dakota, who are attending a state or tribal college, or a private institution of higher education, may qualify for purchasing resident (non lottery) licenses. Please contact the Department for details.
