

NORTH DAKOTA EARTH DAY PATCH CONTEST RULES

In an effort to bring awareness and develop consciousness about the environmental condition of our planet and North Dakota, the North Dakota Game and Fish Department is sponsoring the North Dakota Earth Day Patch Contest. Winners will be chosen from four grade categories: K-3, 4-6, 7-9, and 10-12 grades. The grand prize patch design winner is chosen from one of the four winning categories.

Each winner will receive an outdoor kit which includes a pair of binoculars and field guides. The grand prize winner will have their design displayed on this year's recognition patch, be featured in the North Dakota OUTDOORS magazine and on the North Dakota Game and Fish Department website.

The grand prize winning design will be used on a patch to be given out to the members of school groups, Girl Scouts, Boy Scouts, 4H clubs, outdoor clubs and community groups that participate in Earth Day cleanup projects in North Dakota throughout the year. Contestants are urged to get their communities involved in Earth Day projects on publicly owned or managed lands in or near their communities. Good luck!

Contest Rules:

- The patch is **round and three inches** in diameter. Use the template on the entry form to ensure the correct size.
