

AMENDMENT NUMBER ONE TO THE 2020-2021 SMALL GAME, WATERFOWL AND FURBEARER PROCLAMATION

The following sections of the 2020-2021 Small Game, Waterfowl and Furbearer Proclamation dated July 23, 2020 are amended as follows.

36. **TUNDRA SWANS** may be taken statewide October 3, 2020 through January 1, 2021. A total of 2,200 licenses will be available and issued through a lottery. Successful applicants will be allowed to take one swan during the season. A person may submit only one application. North Dakota residents and nonresidents shall be eligible to apply. Immediately upon retrieving a swan, the hunter must indicate the date of kill by cutting out the appropriate month and day from the tag provided with the license, and attach it around the leg of the swan in an exact manner as described on the tag backing, to prevent its removal. In no case is it legal to possess a swan unless it is properly tagged. The tag shall remain with the carcass until March 31, 2021 or until the meat is consumed.
39. **GEESE.** The season length and bag limits shall be separate for Canada geese, white-fronted geese and light geese. Canada geese include all Canada geese and any other geese except white-fronted geese and light geese. Light geese include snow geese (including blue geese) and Ross's geese.

SEASON	AREAS	OPENS	CLOSES	BAG LIMIT	POSSESSION LIMIT
