For 2016, 928 muzzleloader licenses may be issued, one half (464) as antlered whitetail and one half (464) as antlerless whitetail. Muzzleloader licenses are valid statewide.

ELIGIBILITY

Who May Apply – Residents and nonresidents are eligible for deer bow, deer gun and muzzleloader seasons. Residents ages 12 and 13, and 11-year-olds who turn age 12 in 2016, are eligible to receive an antlerless white-tailed deer license. Resident deer gun hunters ages 14 and 15 who have never received a youth season deer gun license as a 14- or 15-year-old (receiving a license at age 12 or 13 does not apply) are eligible to receive a youth deer license. Youth who turn age 14 in 2016 may apply for and receive a special youth deer license and hunt during the youth season, as well as youth who apply at age 15 but will be 16 after receiving the license.

ATTENTION WHITE-TAILED DEER HUNTERS IN UNITS 4B, 4C, 4D AND 4E

• White-tailed deer license holders for units 4B and 4C must hunt in their assigned unit for the first 2-1/2 days (November 4-6). For the remainder of the season they may hunt either or both units.

• White-tailed deer license holders for units 4D and 4E must hunt in their assigned unit for the first 2-1/2 days (November 4-6). For the remainder of the season they may hunt either or both units.

Hunter Education Requirement – Hunters born after December 31, 1961, must have passed a certified state or provincial hunter education course in order to purchase a North Dakota deer hunting license. Persons who hunt only on land they own or operate are exempt from this requirement. In addition, individuals who are 16 years of age and older who have not taken the hunter education course can receive an apprentice hunter validation that enables them to hunt deer for one license year. Contact the Game and Fish Department for details.

Minimum Age – There is no minimum age for purchasing a bow license. The minimum age to purchase an antlerless white-tailed deer gun license is 12 (*exception: qualifying 11-year-olds*). The minimum age to purchase a youth deer, deer gun or muzzleloader license is 14 (*exception: qualifying 13-year-olds*). Each youth hunter must be under direct supervision (must be able to have unaided verbal contact) of a parent, guardian or adult authorized by their parent or guardian.

Nonresidents – State law allocates nonresidents 1 percent of deer gun and muzzleloader licenses available in any unit (through the second deer gun lottery). One half of the nonresident allocation of antlered white-tailed deer licenses, up to a maximum of 100 licenses, are available to licensed guides or outfitters. Nonresidents may apply for a deer gun license after the second lottery at a fee of \$50. Nonresident full-time students living in North Dakota, who are attending a state or tribal college or a private institution of higher education, may qualify for nonlottery resident licenses. Contact the Game and Fish Department for details.

Military – North Dakota residents who were on federal active duty with the United States Armed Forces under Title 10 stationed outside of the state and received the expeditionary medal or campaign badge during the 2015 deer gun season and apply by June 1, 2016, are eligible to purchase one white-tailed deer gun license in a unit of their choice. Applicants are required to include documentation showing their award or qualification for the award with their application. Applications received after June 1, 2016 will be issued licenses based on availability.

LICENSES

General – Licenses must be signed in ink and are nontransferable. No person may give away, barter or sell an issued license.

Deer bow – All resident licenses, and nonresident licenses for white-tailed deer only, are issued by the Department's Bismarck office, website or by calling 800-406-6409, or at participating license vendors. Nonresident any-deer licenses are issued only from the Department's Bismarck office. It is illegal to buy more than one regular deer bow license per season.

Antlerless white-tailed deer – Ages 11 (who qualify), 12 and 13. Licenses are issued only through the Department's Bismarck office. The deadline for submitting applications is September 1, 2016.

Youth deer – Ages 13 (who qualify), 14 and 15. Licenses are issued only through the Department's Bismarck office. The deadline for submitting a restricted youth antlered mule deer lottery application was June 1, 2016. The deadline for submitting a regular youth season application is September 1, 2016.

Deer gun – Licenses are issued by a weighted lottery. The deadline for submitting lottery applications was June 1, 2016. Any remaining licenses are also issued by lottery, or on a first-come, first-served basis. Check with the Game and Fish Department for details.

Muzzleloader – Licenses are issued by a weighted lottery. The deadline for submitting applications was June 1, 2016.

Resident Gratis and Nonresident Landowner – Licenses are available to residents and nonresidents who own, or residents who lease for agricultural purposes and actively farm or ranch, at least 150 acres of land located in an open hunting area. These licenses are valid only upon land described on the license. The license consists of the tag and the copy of the application returned to the landowner/lessee (both need to be in possession while hunting). The resident gratis or nonresident landowner license may be used during the deer bow, deer gun or muzzleloader seasons until the license is filled. Resident gratis and nonresident landowner licenses are issued only through the Department's Bismarck office and are subtracted from the maximum number of deer gun licenses available (nonresident landowner from the 1 percent allocation), for each unit. A resident who holds a valid lottery license to hunt deer may hunt the same species and sex of deer, for which that person's license is valid, on land in an adjoining unit for which that person would be eligible for a resident gratis deer license. A person, that person's spouse, and their children who have a gratis deer license may hunt together on any qualifying land described on any of their licenses provided they hunt within the same unit in which their described land is located. No other licenses are required for resident gratis licensees. Applications received by the June 1, 2016 deadline will be issued an any-legal-deer license. Applications received after the deadline will be issued licenses based on availability after the initial lottery.

HUNTING BIG GAME OVER BAIT

It is unlawful for an individual to hunt big game over bait in deer hunting units 3C west of the Missouri River, 3E1, 3E2, 3F1 and 3F2. Hunting big game over bait on all Department wildlife management areas is prohibited. Hunting over bait is defined as the placement and/or use of bait(s) for attracting big game and other wildlife to a specific location for the purpose of hunting. Baits include but are not limited to grains, minerals, salts, fruits, vegetables, hay, or any other natural or manufactured foods. The designation does not apply to the use of scents and lures, water, food plots, standing crops or livestock feeds used in standard practices.

Hunting over bait is also not allowed on all U.S. Fish and Wildlife Service national wildlife refuges and waterfowl production areas; U.S. Forest Service national grasslands; and all North Dakota state school, state park and state forest service lands.

TRANSPORTATION AND STORAGE

Hunters harvesting a big game animal in unit 3F2 cannot transport a carcass containing the head and spinal column outside of the unit unless it's taken to a state-inspected meat processor within five days of the harvest date. In addition, the head can be removed from the carcass and taken to a licensed taxidermist or provided to Game and Fish for CWD testing.

License holders must accompany their own game animal, or parts thereof, (excluding hide) during transportation, except that a permit for the transportation of game may be issued by the Department upon request. Game may be shipped by common carrier in receipt of proper bill of lading. A deer carcass or boned-out meat must be accompanied by the head to the final place of storage (except in unit 3F2 as stated above). No resident of the state may ship big game or parts thereof (other than hides) out of the state without a permit from the Department. It is illegal to possess or transport another's big game animal or parts thereof (excluding hide) without the license holder accompanying or as otherwise permitted. Processed and packaged meat (cut, ground and wrapped meat) of legally harvested game may be gifted to another (but not sold, traded or bartered). Unprocessed, unpackaged meat of legally harvested game may be gifted (but not sold, traded or bartered) as follows: 1) Prior to reaching the licensee's permanent residence a transportation permit must be obtained and accompany the game meat; 2) After reaching the licensee's permanent residence if accompanied by the carcass tag of the person who harvested the game. Commercial processors and common carriers (shipping companies, commercial meat processors and taxidermists) may possess any person's legally taken possession limit of game. The carcass tag from the individual's license shall accompany the carcass through processing and must be returned to the individual to be kept until the meat is consumed or until March 31, 2017.

It is illegal to possess any deer, or "parts thereof," without first obtaining a license or permit issued through the Department. Natural sheds are not considered "parts thereof." Therefore, a license or permit is not required to possess natural sheds.

TAGGING REQUIREMENTS

IMMEDIATELY after an animal has been killed, the hunter must indicate the date of kill by cutting out the appropriate month and day from the tag provided with the license, and attach it to the base of the antler on antlered deer, or in a slit in the ear on antlerless deer as illustrated on the tag backing. The tag, when properly placed, shall remain with the antlers or head until March 31, 2017. After the antlers, head or hide have been removed from the carcass, the carcass tag shall remain with the carcass or processed meat

until consumed or until March 31, 2017. No person may reuse or attempt to reuse any tag issued. When any part of an animal is mounted, if the tag is removed from the antlers or ear, the tag must be securely fastened to the back or bottom of the mount and remain there. Tags are not transferable.

Recurve and long bows used for hunting deer must have at least 35 pounds of draw at 28 inches. No firearms, except handguns, may be in the hunter's possession while hunting with a deer bow license. However, handguns may not be used in any manner to assist in the harvest of a deer with an archery license.

POSTING AND TRESPASS

- Only the owner or tenant, or an individual authorized by the owner, may post land by placing signs giving notice that no hunting is permitted on the land. The name of the person posting the land must appear on each sign in legible characters. The signs must be readable

from the outside of the land and must be placed conspicuously not more than 880 yards (one-half mile) apart. As to land entirely enclosed by a fence or other enclosure, posting of signs at or on all gates through the fence or enclosure constitutes a posting of all the enclosed land.

- Hunting on posted land without permission from the owner or tenant is illegal and punishable by suspension of hunting, fishing and trapping privileges for a period of at least one year.
- Hunting on posted land without permission can be prosecuted even if the land is not posted to the letter of the law.
- Any person may enter upon legally posted land (without a firearm or bow) to recover game shot or killed on land where he/she had a lawful right to hunt.
- It is illegal to hunt in unharvested cereal and oilseed crops, including sprouted winter wheat, alfalfa, clover and other grasses grown for seed, without the owner's consent.
- It is illegal to deface, take down or destroy posting signs.
- Failure to close gates upon exit or entry is a criminal violation punishable by forfeiture of hunting licenses.
- It is illegal to hunt upon the premises of another within 440 yards (one-quarter mile) of any occupied building without the consent of the person occupying the building. This does not prohibit hunting on land owned by neighbors (private or public) even if the land is less than 440 yards (one-quarter mile) from the occupied building.

ROAD RIGHTS OF WAY

Do not hunt on road rights of way unless you are certain that they are open to public use. Most road rights of way are under the control of the adjacent landowner and are closed to hunting when the adjacent land is posted closed to hunting.

WANTON WASTE

No person shall kill, cripple, waste, destroy, spoil or abandon the edible flesh of any big game animal without making a reasonable effort to retrieve and retain the big game animal in his/her actual custody, at the place where taken and between that place and either (a) his/her permanent residence (b) a taxidermist (c) a common carrier or (d) a commercial processor.

“Edible Flesh” (big game animals) is both front quarters, both hind quarters and back straps but does not include meat ruined by bullet or natural causes.

USE OF ANIMALS AND TREE STANDS

Animals – It is unlawful to use any animal except horses or mules as an aid in the hunting or taking of big game.

Tree Stands – No person may construct or use a permanent tree stand or permanent steps to a tree stand on any state wildlife management area, U.S. Fish and Wildlife Service national wildlife refuge or waterfowl production area. Portable tree stands and portable steps, and natural tree stands may be used. Portable tree stands and portable steps are defined as those which are held to the tree with ropes, straps, cables, chains or bars. The use of nails, wire, screws or bolts to attach steps or a stand to a tree is prohibited on U.S. Fish and Wildlife Service national wildlife refuges and waterfowl production areas. Screw-in steps (allowed on state wildlife management areas) are those that are screwed into the tree by hand without the aid of any tools. Ladder type stands which lean against the tree are portable stands. A notched board placed in a tree crotch is a portable stand. Natural stands are those crotches, trunks, down trees, etc., where no platform is used. Tree stands do not preempt hunting rights in the vicinity of the tree stand. Tree stands and steps may not be put up on state wildlife management areas before August 20, 2016, and they shall be taken down by January 31, 2017. Stands and steps not removed by January 31, 2017, are considered abandoned property and are subject to removal and confiscation by the Game and Fish Department. Tree stands left unattended on state wildlife management areas require an identification tag displaying the owner's name, address and telephone number; or hunter education number. Tree stands must be removed daily on national wildlife refuges. Portable tree stands on waterfowl production areas and U.S. Army Corps of Engineers managed lands may be used in accordance with state regulations.

LEAD IN VENISON

In 2008, the North Dakota Department of Health participated in a small study that identified the presence of lead fragments in some venison donated to three North Dakota food pantries. Since then, other states have conducted similar research and found similar results. More information on this issue is available on the North Dakota Department of Health website.

FIRE DANGER INDEX

Fire danger indexes provide an indication of wildland fire potential.

Fire danger indexes are calculated considering temperature, humidity, wind speed, cloud cover and vegetative condition, and are classified as **Low, Medium, High, Very High** or **Extreme**.

Fires are more likely to occur on higher index days. Certain outdoor activities may be prohibited when a fire danger index is considered **Very High** or **Extreme**.

In addition, counties may have burn or travel restrictions in place. Check with local authorities for present conditions.
